

CODE

JPS51R JSS51R

DESCRIPTION

Lever Action Flush Bolt - Radius

STANDARDS

PRODUCT SPECIFICATION

- Stainless steel
- Grade 4 corrosion
- Tested to 10,000 cycles
- To maintain compliance with the fire standard for these flush bolts, it is recommended that you fit these with the relevant intumescent pack (GRA7 or GRA7.2)
- *We strongly recommend requesting a sample before committing to any cutting or drilling*
